This Month’s Developer’s Poll

Each month, the Journal’s Developer’s Poll allows you to compare your opinions to those of other members of the C++Builder Developer’s Journal community. The results of this month’s poll will be published in next month’s issue, and we will forward the results to the C++ folks at Embarcadero.

Last month’s poll question was:

Does your code explicitly make use of multiple cores/processors?

a. Yes, via my own code
b. Yes, via a parallel library
c. Yes, via a GPGPU library
d. No

The results are shown in the following chart:

These results are based on 26 votes.

This month’s poll question is:

How would you rate the quality of the Embarcadero documentation on C++Builder?

a. Excellent
b. Good
c. Average
d. Poor
